Inferior alveolar nerve injury with laryngeal mask airway: a case report

Deepak Hanumanthaiah¹ and Anil Ranganath^{2*}

Correction

Following the publication of our article [1] it was brought to our attention that we inadvertently used the registered trademark of the Laryngeal Mask Company Limited (LMA) as the abbreviation for laryngeal mask airway. A Portex[®] Soft Seal[®] Laryngeal Mask was used and not a device manufactured by the Laryngeal Mask Company.

All abbreviations for laryngeal mask airway written as LMA should be written in full as laryngeal mask airway.
